

Airport Upgrade Kit Instructions

1. Switch off the power point and remove the plug from the wall.
2. Unscrew the screws in each corner of the wall box and remove the lid.
3. Gently slide out to the right the receiver card outlined in the image below.
4. Insert the new receiver card by sliding it onto the pins.
5. Plug in and switch power on.
6. Program the new remotes by holding down the SW1 button located on the receiver card and do not let go
7. Press any button on the new remote two times (holding the remote button for 2 seconds each press)
8. Let go of the SW1 button and test.
9. Repeat steps 5-7 for additional remotes.
10. Place back the cover and screw in place.

WARNING!

This product may contain a coin/button cell battery. Keep product and batteries away from children. Battery can cause severe or fatal injuries in 2 hours or less if swallowed or placed inside any part of the body. Seek immediate medical attention if it is suspected that a coin/button battery has been swallowed or placed inside of any part of the body.
