PROGRAMMING INSTRUCTIONS

ECO RECEIVER

INSTALLING A RECEIVER TO AN ECO GARAGE DOOR MOTOR

- 1. TURN OFF POWER OF MOTOR FROM THE POWER POINT.**
2. View the diagram below and ensure that it matches with the back of your motor.
3. Connect the black receiver cable to the PB.
4. Connect the blue receiver cable to GND.
5. Connect the brown receiver cable to 24V.
6. Turn power back on and ensure the receiver powers up.
7. Your two new remotes have been pre-programmed to the receiver. Press button 1 on your new remote to ensure it can operate the door.

WARNING

This product may contain a coin/button cell battery. Keep product and batteries away from children. A battery can cause severe or fatal injuries in 2 hours or less if swallowed or placed inside any part of the body. Seek immediate medical attention if it is suspected that a coin/button cell battery has been swallowed or placed inside of any part of the body.
